github.com/rihadjahanopu | linkedin.com/in/rihadjahanopu

Career Objective

Performance-driven Full Stack Developer with deep expertise in modern JavaScript frameworks, high-performance UI architectures, and workflow optimization. Adept at utilizing cutting-edge build tools and frontend ecosystems to deliver responsive, scalable, and pixel-perfect web applications.

Skills

- **Frontend:** React.js, Next.js, JavaScript, TypeScript, Redux, Zustand, TanStack Query, React Hook Form, Tailwind CSS, SCSS, Material UI, Shadcn/UI
- **Backend:** Node.js, Express.js, NestJS, REST APIs, GraphQL, Microservices, JWT, OAuth2, Passport.js, Payment Integration (Stripe, PayPal, SSLCommerz), Socket.IO,
- **Database & ORMs:** PostgreSQL, MongoDB, MySQL, Firebase, Prisma, Mongoose

Projects

Life Lesson - Educational/Content Portal Live Site | Client Source Code | Server Source Code

Stack: Next.js, Tailwind CSS, Better-auth, Framer Motion, Node.js, Express.js, JWT, MongoDB

- Developed a high-performance educational portal featuring dynamic content delivery, public lesson feeds, and premium access control.
- Implemented a secure authentication system using Better-auth for credentials and Google OAuth, with protected routes and Stripe payment integration for premium subscriptions.
- Built an advanced administrative dashboard for user management, lesson analytics (featured, reported, and stats tracking), and dynamic CRUD operations.
- Designed a responsive, mobile-first UI using Tailwind CSS and Framer Motion for fluid navigation, interactive lesson details, and a seamless "Save to Favorites" engagement system.

Sportnest - Sports facility booking App Live Site | Client Source Code | Server Source Code

Stack: Next.js, Node.js, Express.js, JWT, MongoDB, Tailwind CSS, Mongoose, Better-auth

- Optimized frontend assets and implemented SSR in Next.js, reducing page load time by 25% and ensuring a 100% mobile-first layout.
- Implemented dynamic frontend authentication flows and protected routing using JSON Web Tokens (JWT) to secure user dashboards and booking sessions.
- Integrated efficient client-side data fetching and dynamic state updates to ensure real-time synchronization of active sports posts and community feed updates.

Education

Madan Mohan College *— Sylhet, Bangladesh*
Higher Secondary Certificate (HSC) in Science | GPA: 3.46/5.00 (2019)
Gobindaganj M/L High School *— Sunamganj, Bangladesh*
Secondary School Certificate (SSC) in Science | GPA: 4.77/5.00 (2017)

Languages

- **Bengali:** Native proficiency
- **English:** Conversational
